Round & Round

US5

[Jay:]
She likes to party
From night til dawn
No doubt about it
Shes got what you want
Shell chew you up boy
Youd better watch out
So give up, better stop
Shell drop you from the top[Richie:]
That Girl means trouble
Theres no way out
She'll take a taste and then
she'll throw you out her mouth
She's not your lover
Ya better wake up[Jay:]
Cause it may be too late
For you to get out
I know what's on your mind, Girl[Chorus:]
Round and Round
She likes to boogie, drop you down onto the floor
Round and Round
She likes to boogie, make you scream and beg for more
Round and Round[Chris:]
Shes never sorry
Shes got no fear
Take all your money
And then disappear
Dont play with fire
Youre gonna get burned
So give up, better stop
Shell drop you from the top[Izzy:]
That Girl means trouble
Theres no way out
She'll take your taste and then
she'll throw you out her mouth
She's not your lover
Ya better wake up[Chris:]
Cause it may be too late
for you to get out

I know what's on your mind, Girl[Chorus:]
Round and Round
She likes to boogie, drop you down onto the floor
Round and Round
She likes to boogie, make you scream and beg for more
Round and Round[Vince:]
Shes the badest girl
youve ever seen
She will hunt you down and
chase you in your dreams
I dont need another love like that
Are you ready
Are you ready to believe[Jay (rap):]
I went up to the party
And saw a wicked girl
She turned my life from inside out
And left a shattered world
If only she would call me
My life would be at ease
It goes up and down
Round and round
Stick to the beatRound and round
Stick to the beat
Round and round
Stick to the beatGo[Chorus:]
Round and round
She likes to boogie, drop you down onto the floor
Round and round
She likes to boogie, make you scream and beg for moreRound and round
She likes to boogie, drop you down onto the floor
Round and round
She likes to boogie, make you scream and beg for more
