

Shadow of the Sun

Paul Weller

Do you still feel the same way about it
Like you always said you would?
Or has time re-written everything
Like you never dreamt it could? Remember when we wanted to fly forever
On a magic carpet ride
Well, forever seems a long time
Cutting us down in size
No matter how hard we try And I could see all I had done
Just chasing dreams across the fields
In the shadow of the sun I plan to have it all while I'm still young
And chase the fields across my dreams
In the shadow of the sun
In the shadow of the sun Once upon a time, I might have told you
But now nothing seems that plain
However much we're changing
There are some things the same
And those same things still say And I could see all I had done
Just chasing dreams across the fields
In the shadow of the sun I plan to have it all while I'm still young
And chase the fields across my dreams
In the shadow of the sun
In the shadow of the sun
