

# Meltdown

AC/DC

(young - young)

I look at my watch to find out the right time of the day

I look at her libido hey hey hey

I gotta get up and climb her, to roll her on the hay

Makin' a sweat, temperature rise all through the dayMan it's getting hot hot hot

I said man it's getting hot hot hot

It's getting hotter and hotter

Man it's getting hot hot

Getting hot around hereIt's a meltdown

It's a meltdownI got a feelin' in my bones

I been rackin' my brains out all night long

Stokin' up the fire take it right up to the wire

Burnin' on and on' burnin' onMan it's getting hot hot hot

I said man it's getting hot hot hot

It's getting hotter and hotter

Man it's getting hot hot

Getting hot around hereIt's a meltdown

It's a meltdown

It's a meltdown

It's a meltdown

MeltdownMan it's getting hot hot hot

I said man it's getting hot hot hot

It's getting hotter and hotter

And hotter and hotterIt's a meltdown, it's a meltdown

It's a meltdown, it's a meltdown

It's a meltdown, gonna burn, it's a meltdown

I said burn down

It's a meltdown, meltdown, meltdown

It's a meltdown, it's a meltdown© 2000, j. albert & son, pty.
