Closing Time

Pistol Grip

Guns are blasting loud
My head is in the clouds
Its coming...Closing time
GABA GABA HEY!
I just wanna stay now its about that timeI see the weary look in your eyes
Said its time for me to go
You know we had the best of times
Fate had its end
Flip the sign its closing time
I dont wanna leave but i guess i should
I'd like to stay for one more round
But ill just bring you downIt comes as no surprise
All the whiskey ran dry
Ive been drunk all nite
Coming around the bin
Destrecto at the end
And ive miss my rideI see the weary look in your eyes
Said its time for me to go
You know we had the best of times
Fate had its end
Flip the sign its closing time
I dont wanna leave but i guess i should
I'd like to stay for one more round
But ill just bring you downI'll just bring you down
I'll just bring you down
I'll just bring you down....
