

In a Different Light (Re-Recorded)

[Doug Stone](#)

Every morning I watch you
Walk into the office, in you business suit
And matching shoes
With your hair pulled back neatly
You tug at your glasses
And you sit down just 3 desks down
And I watch you in the fluorescent glare,
And my mind drifts away somewhere And I see you... In a different light
Your hair falling down
With love in your eyes
In my mind.... you're a beautiful sight
I see you in a different light
Just the way I saw you, last night There's girls at the office
The guys always notice, when they walk by
But, you're not the type
They don't know what I know
How somethings just don't show
In tailored tweets, that's fine with me
Let them all think what they want to
As for me when I look at you I see you... In a different light
Your hair falling down
With love in your eyes
In my mind... You're a beautiful sight
I see you in a different light
Just the way I saw you, last night Baby it's you... In a different light
Your hair falling down
With love in your eyes
In my mind... You're a beautiful sight
I see you in a different light
Just the way I saw you, last night "It's You"
In a different light
Your hair falling down
With love in your eyes
In my mind you're a beautiful sight
I see you in a different light
Just the way I saw you, last night
