

Free Loop (Live At la Cigalle, Paris)

Daniel Powter

I'm a little used to calling outside your name
I won't see you tonight so I can keep from going insane
But I don't know enough, I get some kind of lazy day I've been fabulous through to find my tattered name
I'll be stewed tomorrow if I don't leave us both the same
But I don't know enough, I get some kind of lazy day 'Cause it's hard for me to lose in my life I've found
Only time will tell and I will figure out
That we can baby, we can do the one night stand And it's hard for me to lose in my life I've found
Outside your skin right near the fire
That we can baby, we can change and feel alright I'm a little used to wandering outside the rain
You could leave me tomorrow if it suits you just the same
But I don't know enough, I need sun when it leaves the day 'Cause it's hard for me to lose in my life I've found
Only time will tell and I will figure out
That we can baby, we can do the one night stand And it's hard for me to lose in my life I've found
Outside your skin right near the fire
That we can baby, we can change and feel alright 'Cause it's hard for me to lose in my life I've found
Only time will tell and I will figure out
That we can baby, we can do the one night stand And it's hard for me to lose in my life I've found
Outside your skin right near the fire
That we can baby, we can change and feel alright 'Cause it's hard for me to lose in my life I've found
Only time will tell and I will figure out
That we can baby, we can do the one night stand And it's hard for me to lose in my life I've found
Outside your skin right near the fire
That we can baby, we can change and feel alright
