

60 Revolutions

Gogol Bordello

60 revolutions per minute
This is my regular speed
So how do you want me to live with it?
How do you want me to live with it? Without ringing all alarms
Without overthrowing czars
Without emptying the bars
Without screwing with your charts 60 revelations per minute
This is my regular need
So how do you want me to live with it?
How do you want me to live with it? Without ringing all alarms
Without overthrowing czars
Without emptying the bars
Without screwing with your charts I'm gathering new generation
That's gonna stand up to it
To this karaoke
Karaoke dictatorship Where posers and models with guitars
Boogie to the shit for hits
I make a better rock revolution
Alone with my dick Without ringing all alarms
Without overthrowing czars
Without emptying the bars
Without screwing with your charts [Foreign Content] Without ringing all alarms
Without overthrowing czars
Without emptying the bars
Without screwing with your charts 60 por minuto es mi reputacion
Y no te estoy hablando de revolucion
Hace mucho tiempo q ya no te decian
Basta de injusticia, muerte y policia Digas lo que digas ya esta todo arreglado
Hagas lo que hagas te mandan deportado
El que tiene impone y sobre la ley dispone
Mientras que el pobre es pobre
Muere de hambre y otro se la come [Foreign Content] [Foreign Content]
