

Doing All Right With The Boys

Joan Jett And The Blackhearts

Alright with the boys
Alright with the boys
Alright with the boys
Alright with the boys
Hey you, what you gonna do?
Now I'm back with the boys again
Hey you, I've been through it too
Now I'm back with the boys again
Ain't no doubt
I've been missin' out on someone's kissin'
Oh, you will find
I knew all the time what I was missin'
Now I'm back with the boys
Hey you, what you gonna do?
Now I'm makin' all the noise again
Hey you, what you gonna do?
Now I'm playin' with my toys again
Now I'm back with the boys again
Doin' alright, I'm doin' alright
With the boys, boys, boys
Doin' alright, doin' alright
With the boys
Hey you, what you gonna do?
Now I'm back with he boys again
Hey you, what's your point of view?
Now I'm back with the boys again
Ain't no doubt
That time is runnin' out
Now you must chase me
Oh what a drag
The money in your bank
Just can't replace me
Now I'm back with they boys
Hey you, what you gonna do?
Now I'm makin' all the noise again
Hey you, what you gonna do?
Now I'm jumpin' up for joy again
Now I'm back with the boys again
Alright with the boys

Alright with the boys
Alright with the boys
Alright with the boys
Doin' alright, doin' alright
With the boys, boys, boys
Doin' alright, I'm doin' alright
With the boys
Now I'm back with the boys again
Hey you, what ya gonna do?
Now I'm back with the boys again
Hey you, I've been through it too
Now I'm back with the boys again
Hey you, what you gonna do?
Now I'm makin' all the noise again
Hey you, what's your point of view?
Now I'm back with the boys again
