You Surround Me

Brian Doerksen

Don't ever let me take you for granted
You've got your finger on the pulse of my soul
Let me place a kiss in the small of your back
Love and protect you from the evils of this worldBaby don't ever leave me stranded
Whoever said that the streets were paved with gold
We'll I'm afraid that we're all sadly mistaken
There's nothing here till we have someone to holdI love you with all the joy of living
Til the lights go down in New York City
It's a special love affair
And there's magic in the airGotta shake me down
Bring me 'round to my senses
Until I'm lost and found
And you surround me with your sensesIf love wasn't here would we reinvent it?
Oh, take me down to the very root of my soul
Oh baby say it as if you really mean it
And feel the passion work it's way up through your skinI love you with all the joy of living
Til the lights go down in New York City
It's a special love affair
And there's magic in the airYou gotta shake me down
Bring me 'round to my senses
Until I'm lost and found
And you surround me with your sensesLet me take you by the hand
[Incomprehensible] world
[Incomprehensible]
Let me take you by the hand
And lead you to a safe place in this world'Cause you gotta shake me down
Bring me 'round to my senses
Until I'm lost and found
And you surround me with your sensesAnd you gotta shake me down
Bring me 'round to my senses
Until I'm lost and found
And you surround me with your senses
