

Ring the Bells

Straight Lines

Shout out, ring the bells
Shout out, tell the world I'm in love
 Ring out, I feel fine
 This girl said she's mine
So let the bells ring loud and clear
 Let the whole know I'm in love
 Ring out, I feel fine
 This girl said she's mine
So let the bells ring loud and clear
Can you hear those bells are ringing?
 Everywhere I hear them singing
 Hear them, hear them, hear them
 Shout out, ring the bells
Shout out, tell the world I'm in love
 Ring out, I feel fine
 This girl said she's mine
So let the bells ring loud and clear
 Bells ring loud and clear
