Rose Gold

Jon James

It's lions league baby
Jon James,
Ya boy K

Billion dollar girl on fire, let that money burn, let that money burn,
Never seen another quite like her, there's not another one, there's not another one,
They all know her name she don't need I.D.
Red carpet walking V.I.P.
Killing all these shorties when she styles on em
Blang blang, Cash aint a thang.

Diamond lips on a Rose Gold bitch,
Diamond lips on a Rose Gold bitch,
Diamond lips on a Rose Gold bitch,
Draped in the ace, Girl you look so money,

Money, Money, Girl you look so money,
Money, Money, Girl you look so money,

You belong on the Frobes list,
God Damn you're fucking gorgeous,
Look at all you were born with,
Get Picasso out his grave he's gotta paint a portrait,
You're the realest one up in it,
Every other bitch is either jealous or she wanna hit it,
You look more balling then a bank full of cash,
Up the value of my hand just from spanking your ass,
Have you been eating grenades?
Cause fuck your face is the bomb,
You're hot girl you know it,
Best part is you're not afraid to show it fucking own it baby,
Fine dine, love the way you taste,
No one eats it better I'm the top of the food chain,
You never gotta fuck with them rookies,
You got bangal tiger, Luxury pussy,

Billion dollar girl on fire, let that money burn, let that money burn,
Never seen another quite like her, there's not another one, there's not another one,
They all know her name she don't need I.D.
Red carpet walking V.I.P.

Killing all these shorties when she styles on em
Blang blang, Cash aint a thang.

Diamond lips on a Rose Gold bitch,
Diamond lips on a Rose Gold bitch,
Diamond lips on a Rose Gold bitch,
Draped in the ace, Girl you look so money,

Money, Money, Girl you look so money,
Money, Money, Girl you look so money,

Take a shot for the fact that your ex is really missing out right now,
Take another cause you're badder then the rest, Ouh girl put it down,
I just came to say Hello, What up,
I'm so glad to see you here I love seeing you strut,
In that sexy thing you're wearing that's matching your clutch,
Feeling like a billionaire girl I can't get enough, can't get enough,
Out of this world, damn what it do,
All up on that ass call it man on the moon,
You're a star, shining like my city,
Pussy so bling, diamonds on your vickies, come on,

Billion dollar girl on fire, girl you look so money,
Never seen another quite like her, no no no, no no no,
They all know her name she don't need I.D.
Red carpet walking V.I.P.
Killing all these shorties when she styles on em
Blang blang, Cash aint a thang.

Billion dollar girl on fire, she's on fire, fire,
Never seen another quite like her, oh no no no no no,
They all know her name she don't need I.D. no no,
Red carpet walking V.I.P. uh huh,
Killing all these shorties when she styles on em
Blang blang, Cash aint a thang.

Diamond lips on a Rose Gold bitch,

Diamond lips on a Rose Gold bitch,
Diamond lips on a Rose Gold bitch,
