On & On

Mint Condition

On and on, on and on
On and on, on and on
I'd say that it's going well, you and me
Feels like paradise
Our writhing filled with pleasure
And you agree
That endless love with you would be so sweet
So we should go
On and on and on and on and on
Let's make it official girl
On and on and on and on and on
You know we can't go wrong 'cause
This is where we both belong
So let's go, on and on
So let's keep that fire vibe all through
The end of our days
We'll argue then laugh about it later
Always
A real Utopian love is what it sounds like to me
A perfect flow
Why don't we go?
On and on and on and on and on
Let's make it official girl
On and on and on and on and on
You know we can't go wrong 'cause
This is where we both belong
So let's go, on and on and on
On and on and on and on and on
Let's make it official girl
On and on and on and on and on
We can't go wrong 'cause
This is where we both belong
So let's go
On and on and on and on and on
Let's make it official girl
On and on and on and on and on
You know we can't go wrong, 'cause
This is where we both belong
Let's go

This is where we both belong
This is where we both belong
On and on and on and on and on
On and on and on and on and on
On and on and on and on and on
On and on and on and on and on
This is where we both belong
This is where we both belong
This is where we both belong
This is where we both belong
