

# Long Time Gone

## Crosby, Stills & Nash

It's been a long time comin'  
It's goin' to be a long time gone And it appears to be a long night  
Before the dawn You can smell somethin' burnin'  
But you don't know who lit the fire  
You can feel pavement getting' hotter  
You can see flames as high And it appears to be a long night  
Before the dawn Turn, turn any corner  
Hear what the people say  
There's somethin' goin' on around here  
The surely, surely won't stand the light of day And it appears to be a long night  
Before the dawn Speak out, speak out against the madness  
Speak your mind if you dare  
But don't, no it's a special don't try to get yourself elected  
And if you do, you better cut your hair Because it appears to be a long night  
Before the dawn It's been a long time comin'  
It's goin' to be a long time gone  
But you know that the darkest hour  
Is always just before the dawn, hmm
