Proud of my name, my feels, all of me
Proud to be the one that you spit
Love me or let me breathe in my sleep
Love me or let me breathe in my sleep

We are the ones that live in your dream
Proud to be the ones that you spit
Love me or let me breathe in my sleep
Proud of my name, my feels, all of me

We are the dogs that live in despair
We are the gods the kings of nowhere
We are the dogs that live in despair(2x)

We are the dogs that live in despair
We are the gods the kings of nowhere
Follow the kids that don't give a damn
Tame the ones that give you the spell
We are the gods the kings of nowhere
We are the dogs that live in despair

We are the gods the kings of nowhere
We are the dogs that live in despair
We are the gods the kings of nowhere(2x)ï»¿
