

# Go Right Ahead

## The Hives

Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go, go, go,  
Go right ahead  
Down the streets in a uniform  
Find a bull and you grab the horns  
Go right ahead  
Scream your head off, like the day you was born

Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go, go, go,  
Go right ahead

Here's a secret keep it tight  
It's California late at night  
Go right ahead  
We're gonna drink, fuck and fight all night  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go

Is it right, or wrong, you never know it  
Soldiers come along  
I wanna show it  
Our god is a Zilla, our king is a Kong  
The room's about to crumble as I burst into song  
Go right ahead  
Go right ahead  
Go right ahead

You gotta go from A-Z from when you're born until you're dead

Go right ahead  
Go right ahead  
Go, go, go  
Go right ahead

Like a tiger breaking out of the zoo  
Go right ahead  
Do anything that you wanna do  
The rumours you heard, they were all true  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go

Is it right, or wrong, you never know it  
Soldiers come along  
I wanna show it  
Our God is a Zilla, our King is a Kong  
The room's about to crumble as I burst into song

Go right a  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead

Down the streets in a ufo  
Find a bull and you grab the horns  
Go right ahead  
Scream your head off, like the day you were born

Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead  
Go right ahead
