

Uptown Anthem

Naughty By Nature

Hey, you could smoke a spliff with a cliff
But there's still no mountain high enough, or wide enough to touch
The naughty nappy nasty nigga the nasty trashy hoe happy pappy

That's Happi to be Nappi

Me and Vin rock when spots hit flocks
And groups and troops with timbo boots and jail suits

That's how I'm rollin' my hair-do don't

Win I will I got wantin' competition ain't dope

Beat ya break ya broke ya smoke ya take ya

Send you to your little group on mute, sooner or later

You wanna flip, tell 'em full semi half with a dip

And all that other ringling brothers shit

Sporty naughty hi bye greater than nature while I

Shin slam the flim flim and then jam

You can run but you can't hide, you can't go far

No matter where you go, there you are

We gonna break, we gonna bash

We gonna roll, we gonna smash

We gonna break, we gonna bash

We gonna roll, we gonna smash

Here we go yo

Hit a nigga, kill a nigga will come back

See a sucker, stretch a sucker guard your naps

Cussin wasn't nothin' til a black man rapped

See a forty suck a forty, guess who's back

You're chillin' with a Teddy fillin' villian

Steppin' to the puny puddy punks catchin' fillings

I hit so many guts, call me gutter, I'm the bread and butter

Punk motherfucker I'll cut up, workin' from the gut up

Brand new steady, heavy as a Chevy

Ready for the piddy peddy, I'm Friddie Freddie

Place your bet on a vet, the three man threat

What you see is what you get

We gonna break, we gonna bash

We gonna roll, we gonna smash

We gonna break, we gonna bash

We gonna roll, we gonna smash

Comin' round your corner with my uptown bunch

I bet your bottom dollar that you're bottom buck chumps
