Your Soul Is A Pilot

Die Happy

Your soul is a pilot
But the rusty aeroplane cannot fly
The wings are broken
The wide propeller's trying to turn its last goodbyeSo tell me...
Did you ever feel the love (I guess you didn't)
Did you ever feel the pain (I guess you didn't)
Did you ever try to play a sentimental gameDo you believe
In standing ovations
Pulling the cross behind your lies
But you cannot hide in the bible
That you rely on through your lifeYou're naked hiding your shame
Your time is ticking away
Just take a look at yourself
Do 't believe in this fairytaleYour soul is a pilot
Stuck and stranded in between sky and ground
No reaction
The flames are licking at your feet
You're unboundCould you ever trust someone
Who could take you, break you
Would you ever love someone
Who would take you down easyYou're naked hiding your shame
Your time is ticking away
Just take a look at yourself
Don't believe in this fairytale
