Let My Love Open the Door

Luminate

When people keep repeating
That you'll never fall in love
When everybody keeps retreating
You can't seem to get enough
Let my love open the door
Let my love open the door
Let my love open the door
To your heart
To your heart
When everything feels all over
And everybody seems unkind
Give me a four leaf clover
Take all the worries out of your mind
Let my love open the door
Let my love open the door
Let my love open the door
To your heart
(Let my love open the door)
To your heart
(Let my love open the door)
(Let my love open the door)
To your heart
(Let my love open the door)
I have the only key to your heart
I can stop you from falling apart
Release yourself from misery
Only one thing's gonna set you free
It's my love
Let my love open the door
Let my love open the door
Let my love open the door
When tragedy befalls you
Don't let 'em bring you down
Love can cure your problems
You're lucky I'm around
Let my love open the door
Let my love open the door
Let my love open the door
To your heart

(Let my love open the door)
To your heart
(Let my love open the door)
My love
(Let my love open the door)
Only my love
(Let my love open the door)
Go to your heart
(Let my love open the door)
Oh, it's my love
(Let my love open the door)
It's my love
(Let my love open the door)
It's my love
(Let my love open the door)
I'm gonna, I'm gonna get your love
(Let my love open the door)
(Let my love open the door)
