Big (John DahlbÃ¤ck Remix)

Sneaky Sound System

I won't forget the time,
when you told me,
we could be something,
The memory it is mine.We talked so many times,
You were always... my medicine.
You mean everything to me.And every time I fall you'd take my hand,
And you would volunteer to understand... me.This is the moment we've been waiting for.
This could be big for me and you.
This could be more than we both care to know.
This could be big for me and you,
We could do anything.Of all the things you said,
but there's one thing, we can't escape.
Like a bird who's wings, are no more.You said every time I fall you'd take my hand,
And you would volunteer to understand... me.This is the moment we've been waiting for.
This could be big for me and you.
This could be more than we both care to know.
This could be big for me and you,
We could do anything.We could do anything.
We could do anything.Always by your side, up until it ends.
Always by your side, up until it ends.
Always by your side, up until it ends.
Always by your side, up until it ends.This is the moment we've been waiting for.
This could be big for me and you.
We could do anything.
This could be more than we both care to know.
This could be big for me and you,
We could do anything.
