

Trophy

Nao

You make me nervous
Turning red
I'll take my time
Tripping over words and I'm seeing colours
Can I change your mind?
And age ain't but a number
Do you care?
On the other side
I'm more than just a number
Kinda rare
Would you like to try? If you think that I'm a trophy you (better change your mind)
Better change your mind (I ain't your trophy, oh, no no)
Oh no, no
If you think that I would want you to (you're wrong all the time)
Better get in line (get in line)
Better get in line
Oh, no Baby, I'm no trophy to you
Baby, I'm no trophy, no no
Baby, I'm no trophy to you Light up the circus for the cage
Better say your line (better say your line)
Tripping over heels and I'm seeing metals
Hanging of the side (Hanging of the side)
So trash me from your number
Do you care?
Would you even notice me?
I'm more than just a number
Kinda rare
Can't afford to purchase me If you think that I'm a trophy you (better change your mind)
Better change your mind (I ain't your trophy, oh, no no)
Oh no, no
If you think that I would want you to (you're wrong all the time)
Better get in line (get in line)
Better get in line
Oh no I think about it
Would you let me? I know you talking about me
You can't escape now from me
You make angry, but you knew you know I get it
But I'll make up to you
Check up to see what you mean

Get your slice to you
You know I'd give you About, about me
Don't get it, talking about, about me
Don't get it, talking about, about me
Don't get it, talking about, about me
Don't get it, talking about, about me (You know I'd give)
Don't get it, talking about, about me
Don't get it, talking about, about me
Don't get it, talking about, about me
Don't get it, talking about, about me
Don't get it, talking about, about me
Don't get it, talking about, about me
Don't get it, I say give it
You know I'd give it Oh
Yeah, yeah Think that I'm a trophy you
Think that I'm a trophy you
Think that I'm a trophy you
Think that I'm a trophy you
