

All My Friends

Owl City

[Verse 1]

It's been this way from the start
It's like they're always tryna tear us apart
But we will stand strong, stand true
And everybody's gonna watch what we do[Refrain]
And they'll be awestruck, sayin', "Aww shucks"
They either got real good or they got real good luck[Pre-Chorus]
And I'd be lyin' if I said that I could take anymore
'Cause I've been on my own, tryin' like never before
And I was lyin' on the couch and there's this knock on the door
And it's like, ohhhhhh

[Chorus]

All my friends, woa-oa-oah
Come right in, woa-oa-oah
All my friends
We can take it all back again, woa-oa-oah
Put your hands on in
And let me hear you say, "oh, yeah!"
Let me hear you say, "Yeah!"[Verse 2]
Another day, another chance
We got our card and we're goin' to the dance
We're gonna stay strong, hold true
And everybody's gonna watch what we do[Refrain]
And they'll be awestruck, sayin', "Aww shucks"
They either got real good or they got real good luck
[Pre-Chorus]
And I'd be lyin' if I said that we could take anymore
'Cause we're about to light a fire like never before
And if you're lyin' on the couch and there's a knock on the door
And it's like, ohhhhhh[Chorus]
All my friends, woa-oa-oah
Come right in, woa-oa-oah
All my friends
We can take it all back again, woa-oa-oah
Put your hands on in
And let me hear you say, "oh, yeah!"
Let me hear you say, "Yeah!"[Instrumental Bridge][Chorus]
Ohhhhhh
All my friends, woa-oa-oah

Come right in, woa-oa-oah
All my friends
We can take it all back again, woa-oa-oah
Put your hands on in
And let me hear you say, "ohhhhhhhh, yeah!"
Let me hear you say, "Yeah!"[Verse 3]
We'll always be young at heart
And nothing's ever gonna tear us apart
Because we stand strong, stand true
And everybody's gonna watch what we do[Refrain]
And they'll be awestruck, sayin', "Aww shucks"
They either got real good or... you know what[Chorus]
Ohhhhh
All my friends, woa-oa-oah
Come right in, woa-oa-oah
All my friends
We can take it all back again, woa-oa-oah
Put your hands on in
And let me hear you say, "ohhhhhhhh"
All my friends, woa-oa-oah
Come right in, woa-oa-oah
All my friends
We can take it all back again, woa-oa-oah
Put your hands on in
And let me hear you say, "ohhhhhhhh, yeah!"
Let me hear you say, "Yeah"
