Just One Love

Paul Kelly

So much killing, too much anger inside
So much living, not enough people living right
Too much hatred, too much emptiness
I've got too much in me to go without a fight tonight
All we need is one love, that's all that we need
'Cause I know one love has given to me
There's so much we can learn from each other
If we just find that one love
Too much heartbreak, too much drowning inside
Feels like an earthquake, every time that you step outside
Too much crying, too much humbleness
We've gotta come together, it's time for you and I
So much talking, so much locked up inside
We should be listening, why do we build these walls so high?
There's no escaping, everyone's working to survive
We can win this thing together if we try tonight
All we need is one love, that's all that we need
'Cause I know one love has given to me
There's so much we can learn from each other
If we just find that one love
Let's find a minute to breathe before we run out of air
Holding on, falling down, this world is falling apart
One love is all we need, that's what we need
One love, that's all that we need
'Cause I know one love has given to me
There's so much we can learn from each other
If we just find that one love
All we need is one love, that's all that we need
'Cause I know one love has given to me
There's so much we can learn from each other
If we just find that one love, if we just find that one love
If we just find that one love
Just one love, just one love
All we need is one love, all we need is one love
Just one love, just one love, just one love
All we need is one love
