

The March

Jeff Mills

You say good bye,
We will start a new adventure,
I wanna help us,
We'll get by we'll keep on marching,
I don't wanna hurt you,
But I know that's what I'm going to do,
'Cause I don't love you,
It hurts to think it So it's time for the truth now
It's for the best even though it tastes bitter,
Not gonna miss this,
I know it's hard we're parting ways so soon,
With no explanation,
Just lettin' you know that you're never gonna get one,
From me or anybody else So march forwards
And never look behind
So march
And never look behind
No, never look Oh I'm not looking,
Terrified to open up my eyes,
See what I've become,
Souless fool just running in circles,
Got to my own head,
Disconnected from the things that keep me sane,
I gotta let go,
Why can't I let go? Just march forwards,
And never look behind,
These feelings all will pass with time,
Just close your eyes and march forwards,
And never look behind These feelings all will pass with time,
Just close your eyes and march
