

# Superhuman

Gus Gus

It's not you  
It's me  
It's not hate  
It's love for you Sleep now, love  
Sleep now  
There will always be failure How glad I am to be superhuman  
How glad I am to be superhuman  
How glad I am to be superhuman Superhuman Leave now, love  
Leave now  
You will recover from that It's not hate  
It's love for you How glad I am to be superhuman  
How glad I am to be superhuman  
How glad I am to be superhuman How glad I am to be superhuman  
How glad I am to be superhuman Superhuman  
Superhuman
