

Friends Forever

Vitamin C

So we talked all night about the rest of our lives
Where we're gonna be when we turn 25
I keep thinking times will never change
Keep on thinking things will always be the same
But when we leave this year we won't be coming back
No more hanging out cause we're on a different track
And if you got something that you need to say
You better say it right now
'Cause you don't have another day
'Cause we're moving on and can't slow it down
These memories are playing like a film without sound
I keep on thinking of the night in June
I didn't know much of love but it came too soon
And there was me and you when we got real blue
We'd stay at home talking on the telephone
We'd got so excited and get so scared
Laughing at ourselves thinking life's not fair
And this is how it feels[Chorus]
As we go on, we remember
All the times we had together
And as our lives change
Come whatever,
We will still be friends forever So if we get the big jobs and we make the big money
When we look back now will our jokes still be funny?
Will we still remember everything what we learned in school
Still be trying to break every single rule?
Will little brainy Bobby be the stockbroker man?
Will Heather find a job that won't interfere with her tan?
I keep - kepp thinking that its not goodbye
Keep on thinking its our time to fly
And this is how it feels[Chorus]
La la la la la la la
(We will still be friends forever) We think about tomorrow like we think about now?
Can we survive it out there?
Can we make it somehow?
I guess I thought that this would never end
And suddenly it's like we're women and men
Will the past be a shadow that will follow us around
Will these memories fade when I leave this town?

I keep - keep thinking that it's not goodbye
Keep on thinking it's our time to fly[Chorus: x3]
