

Company

Julian Velard

Deep in my darkest hour
That's when I feel the power
That's when I know nobody can hurt me (no one can hurt
me)
Why don't you hand it over
Take a load off of your shoulder
I think I can handle the weight of your worry (weight
of your worries)

Cause you're all right Joni, all right by me
I can tell your lonely, you could use the company
I'm not gonna fight you girl, no I'm not like that girl

I'm not like other guys
So Joni don't act surprised
If I say something like I wanna get to know you (it's
cause I wanna know you)
I'm willing to shave and shower
Willing to buy you flowers
Willing to do anything that I have (not just cause I
have to)

Cause you're all right Joni, all right by me
I can tell your lonely, you could use the company
I'm not gonna fight you girl, no I'm not like that girl
You can go all night Joni, all night with me
You don't have to know me, what you get is what you see
Not gonna bite you girl, no I'm not like that girl

Joni I understand, I'm a full grown man, I am able
Joni I don't live far, we can leave this bar, I got
cable
I got cable

Everything works itself out
That's what this life is about
You're dead in the end and you can't take it with you
Don't try to take it with you
So until then if you need a place to crash
Joni if you need to borrow some cash

Go ahead take my keys, it's not an issue
I ain't got no problems with you baby

Cause you all right Joni, all right by me
I can tell your lonely, you could use the company
I'm not gonna fight you girl, no I'm not like that girl
You can go all night Joni, all night with me
Can't you tell I'm lonely, can't you tell you're just
like me?
No I'm not gonna do that number to you girl
