

Concord (Benny L Remix)

Dub Fx

Rolling down the street /
On my own two feet /
I see the world beneath /
I feel the earth so deep /
I'm like a concord /
On my long board /
I take the world with me now /
I'm like a concord on my long board /
I feel the world move with me now /
I see the air I breathe /
I feel the gravity /
I never feel alone /
The world is inside of me /
I'm like a concord on my long board /
I take the world with me now /
I'm like a concord on my long board /
I feel the world move with me now /
Rolling down the street /
On my own two feet /
I feel the earth so deep /
I feel the gravity /
I'm like a concord /
On my long board /
I take the world with me now /
I'm like a concord on my long board /
I feel the world move with me now
