

Chase Me

Melissa Allen

Dadadas

Three steps I take you take one
Move your feet boy, we've begun
I'll embrace you if you embrace me
But I won't chase you down

Chorus:

Cause I want you to chase me
Cause boy I would chase you
And if you won't chase me
Maybe we should cut this out
I can't play hide and seek without being found

Dadadas

When I'm with you my heart thumps
Sometimes I feel I'm the only one
Who cares about this relationship
Sometimes I just

Chorus:

I want you to chase me
Cause boy I would chase you
And if you won't chase me
Maybe we should cut this out
I can't play hide and seek without being found

Interlude:

Without being found
You're still stuck counting down
Come find me

Bridge:

Sometimes I need give and take
It's not always what you make
Cause this situation
Causes me frustration
It tugs me and tears me apart

Chase me...
Cause boy I would chase you
And if you won't chase me
Maybe we should cut this out

Chorus:
Come on just chase me
Cause boy I would chase you
And if you won't chase me
Maybe we should cut this out
I can't play hide and seek without being found

Come on take a dive out
Into the unknown
I know how you feel
Oh, your cover's been blown
So just chase me
