Wind Up Dream

Beady Eye

If tonight is all we have
Then make the bed with sheets of glass
Let's take it out for one last laugh
Come on, come onIf yesterdays is all we got
We tie our bones in one big knot
Squeeze it out 'til every drop
Is all gone, all gone, come onIt's just a wind up dream
So don't wake me up
'Cause I like what I see
With my eyes shutSolid gold glints in your eye
A cheeky grin that really makes me smile
The world will want a bit
The world will want a bitIt's just a wind up dream
So don't wake me up
'Cause I like what I see
With my eyes shutIt's just a wind up dream
So don't wake me up
'Cause I like what I see
With my eyes shut
