

Boom

The Prostitutes

Boom

My heart goes boom
When I see you today
When I see you this way
My heart goes boom

Hold

Come and hold me tight
I don't want it to go away
I don't want it to go away
If it takes my life

Boom

My heart goes boom
When I see you this way
When I see you today
My heart goes boom

Boom

My heart goes boom
I don't want it to go away
I don't want it to go away
My heart goes boom

And I know that I would rather
Die than fade away
And I want to be beside you
Until my dying day

My heart goes boom

Boom boom boom let me hold you baby
Boom boom boom let me take you maybe
I know I'm not the kind of low life,
your gonna stay with baby

Boom boom boom let me hold you baby
Boom boom boom let me take you maybe
I know I'm not the kind of low life,

your gonna stay with baby

Boom

My heart goes boom

When I see you today

When I see you this way

I know I'm not
