Boom

The Prostitutes

Boom

My heart goes boom When I see you today When I see you this way My heart goes boom

Hold

Come and hold me tight
I don't want it to go away
I don't want it to go away
If it takes my life

Boom

My heart goes boom When I see you this way When I see you today My heart goes boom

Boom

My heart goes boom
I don't want it to go away
I don't want it to go away
My heart goes boom

And I know that I would rather
Die than fade away
And I want to be beside you
Until my dying day

My heart goes boom

Boom boom boom let me hold you baby
Boom boom boom let me take you maybe
I know I'm not the kind of low life,
your gonna stay with baby

Boom boom boom let me hold you baby Boom boom boom let me take you maybe I know I'm not the kind of low life, your gonna stay with baby

Boom
My heart goes boom
When I see you today
When I see you this way

I know I'm not
