

Warning Signs

[Rob Houchen](#)

There's a light in your eyes every time we kiss
See it glows, every time we kiss
Makes me feel I'm home

Hold my face in your hands as we stand out in the night
Not sure but I
Think that this feels right

But I'm turning around in circles

And I'm feeling around the edge
Living against the line
I'm feeling around the edge
looking for warning signs

I can lie here alone and the doubts they seem so true
And then they're gone
When you walk in the room

Could've turned, could've ran but I stayed right by your side
And now inside I'm

Turning around in circles

And I'm feeling around the edge
Living against the line
I'm feeling around the edge
looking for warning signs
Warning signs

Tell me what happens if your love goes to sleep
Tell me what happens if I'm not the one you want to keep

And I'm feeling around the edge
Living against the line
I'm feeling around the edge
looking for warning signs

Tell me what happens if your love goes to sleep

Tell me what happens if Iâ€™m not the one you want to keep

And Iâ€™m feeling around the edge

Living against the line

Iâ€™m feeling around the edge

looking for warning signs

Warning signs

Thereâ€™s a light in your eyes every time we kiss

See it glows, every time we kiss

Makes me feel like home
