

Skippin' Stones

Flipsyde

[Verse 1] And I'ma' drink and I'ma' dip and I'ma ride and I'ma' live

It's just the way that I play

And I'ma' think and I'ma spit and I'ma' fly and I'ma' give

Until the end of my day's

I'm skippin' stones 'till I'm lost in the world

Fall in love and then get lost in a girl

You gotta live life and aint no tellin' what tomorrow can bring

As long as you breathin' and livin' ya dream

You gotta live life + I'm packin' and leavin' travelin' and sight seein'

Writin' my name in the sand on the beach in the Caribbean

Hittin' the club give a pound and a hug to the thugs

Later on I'm makin' love on that bear skin rug

[Chorus]

Cause I'm skippin' town I'm skippin stones

I'm skippin' town I'm skippin' stones

I'm skippin' town I'm skippin' stones

And all I know is I'm alone

[Verse 2] I feel the vibe inside me and I'm not gonna let it go

So come on and I'm laughin' and cryin' and buyin' time

I'm not gone let it go

So come on and I'm findin' a dime that a wanta good time and I'm not gonna let her go

So come on and it's all on the line but I'm still gone' shine I'm not gone let it go

Hey

Slow it down for a minute while I capture the sky

Surfing the clouds wind surfin' through a deep sea dive

The devil's tryin' to get up in my soul but I'm not gone let it go

So come on and I'm drinkin' this spiritual wine so he can't fuck with my flow

[Chorus]

Cause I'm skippin' town I'm skippin stones

I'm skippin' town I'm skippin' stones

I'm skippin' town I'm skippin' stones

And all I know is I'm alone

[Verse 3] Keep on runnin' through all my days

He got a need for speed

But what you runnin' from playa

I think he runnin' from me

Take ya time and just relax

He ain't got time to take

Slow it down and think about it
He got moves to make strugglin' and scrapin' takin' chances attemptin' to make it
The time that was taken was tedious but fuck it we made it
Created much later now playin' n' singin' invaded with Piper n' Dave
And the angels bout to make us the greatest
Somebody save us the shit that we spittin' soundin' ridiculous
Rippin' and gifted with lyrics flavored up more than licorice
Shift it and kick it with enough spittage to make it Sickenin'
Skippin' stones, mama I'm gone its time to rip this shit

[Chorus]

Cause I'm skippin' town I'm skippin stones
I'm skippin' town I'm skippin' stones
I'm skippin' town I'm skippin' stones
And all I know is I'm alone
