

# The Wildfire (If It Was True)

## Mando Diao

Well there's something in the way  
She said I hate you 'cause you breathe  
Mando It's not the first time that I heard it  
But this one is out of reach  
Diao I got my mind set on destruction  
And if it will strike me hard  
The Will you remember me Oh it's in the way you set your life  
Wildfire On your alarm and hit the snoozer  
You waste your life expectancy  
If You throw away your hopes and dreams  
The night will never end, it'll stay forever  
It Well the dark will eat you up inside So I smile and shed a tear  
Was And said when will you go away  
She said who cares you're not  
True Entitled to ask those things today  
Don't let the salt get in your eye  
Songtexte Don't let the ghost get in your heart  
There were sweet memories  
Songtext In the corner of my mind  
They were telling me to throw up  
Lyrics All the things that I want to hide that We're having fun in the daytime  
Lyric We'll chase the stars in the nighttime  
And we'll take the sun in the morning  
Liedertexte We just don't care if they see us fall  
If it was true  
Liedertext  
Well today I bought the paper by myself  
And cried 'cause everyone was happy  
Alle And on the streets well they were dancing  
To some kind of Puerto Rican music  
Mando That we would hate  
But we would just move along to  
Diao  
So if you're driving in your car  
And hear this song on radio I  
The Well I know that it sound silly  
'Cause you don't have a car  
Wildfire But I just read it in a book  
That these things happen in the fictive world
