

Scapegoat

Guano Apes

I will, I will, I will, I will, I will pray to Lord
I run, I run, I run, I run, I run too far away from home But I, when I, when I, when I will cross the sea alone
'Cos I, 'cos I, 'cos I can feel the energy When the Lord's been crying
Too many years, too many years I will, I will, I will, I will, I will walk away for them
I see, I see, I see, I see, I see their thoughts in me again But I, when I, when I, when I will dream this dream again
'Cos I, 'cos I, 'cos I can take this blame on me now When the Lord is been crying for me
Is my Lord really crying, this long time for me? For me again But I, when I, when I'm gonna dream this dream
again
'Cos I, 'cos I, 'cos I can take this blame on me now
