

# No Greater Love

Colton Dixon

What kind of love would stand in the flames  
And choose to remain there beside me?  
What kind of love would go to the grave  
Give up everything just to find me?  
Of all the treasure that this world would offer  
me  
You're the only thing i need  
No greater love  
No greater love  
Than yours  
No greater love  
More than enough  
No greater love  
Than yours  
From the edge, to the end of the earth  
In the whole universe  
Spent a lifetime  
Trying to search and found that there's no  
greater love  
No greater love  
No greater love  
Than yours  
You are the god, who would travel the stars  
To rescue my heart from the darkness  
Only your grace  
Would see who we are  
And love every part, regardless  
No, there's no treasure that this world could  
offer me  
No greater love  
No greater love  
Than yours  
No greater love  
More than enough  
No greater love  
Than yours  
From the edge, to the end of the earth  
In the whole universe  
Spent a lifetime

Trying to search and found that there's no  
greater love  
No greater love  
No greater love  
Than yours  
Your love is never changing  
Your love will always be my home  
And though this world will fail me  
Your love will never let me go  
Your love is never changing  
Your love will always be my home  
And through this world will fail me  
Your love will never let me go  
No greater love  
No greater love  
No greater love  
Than yours  
No greater love  
More than enough  
No greater love  
Than yours  
From the edge, to the end of the earth  
In the whole universe  
Spent a lifetime  
Trying to search and found that there's no  
greater love  
No greater love  
No greater love  
Than yours  
No greater love  
It's more than enough  
No greater love  
Than yours
