

See Me

Vilhelm Fort

I wish i were a cloud
I wish i were an a imagination
with no secrets to hide
to be without frustration
the leaves fall of the tree
theyâ€™re slowing getting
down, down
they donâ€™t mind if you and me
they just keep falling down, down

so whatever i do iâ€™m still nothing
so whatever i say they wont listen
so whatever i wear theyâ€™ll never
see me, never see me
see me, never see me

the sky is black with no lights
a broken rhythm stares
of the sun may someday
appear to make it cold forever
i wish i were a white wall
a wall you canâ€™t lean on
donâ€™t cry as you stumble and fall
i canâ€™t help you iâ€™m a proud???
