Robin Miller, Robin Miller
Find my way
'Cause I want to see
The break of dayTell me there's more
From where this came from
Tell me the night's
Far from overRobin Miller
Help me stay up
Till there is nothing left for me to say'Til the break of day
'Til the break of day
'Til the break of dayRobin Miller
Open that door
'Cause you know that I need
Just a little moreI want to hear every story
I want to drink all the wine
I want to hold you all
In my armsRobert Miller
I will do anything you say
If you help me stay'Til the break of day
'Til the break of day
'Til the break of day
