My Favorite Book

Lake Stovall

A tilt of the chin
I don't know where to begin
I could start with your eyes or with that devilish, devilish grin
That smile leave, leaves me occupied for
Quite a while
I'll leave you in your sleep
But I know, I know I'll see you
In my dream (ohhh)
There's so much
I wished I knew
But I'm so curious
About you
Ohh no doubt
Cause my mind is your library so please
Check me out (yeah)
Or leave me on your nightstand or
On the couch
I'll let you read me easily if you just hear me out
Rate me from 1 to 5 and you'll discover
That you can never judge a book by its cover oh
(Ohhh)
Never judge a book by its cover
