Brake Lights

Frankmusik

Brake dont brake
Brake dont
Hey girl its really good to meet you
But theres certain things Im offering
Dont touch especially when you be thinking
We can be much more than friends
So I ran and ran
But you held my hand
And we repeat it every single day
Now Im changing lanes
Cos youre giving me pains
Cant you get a hint and go away
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Brake dont)
Im close, youre pushing me
And losing me but you dont seem to understand
Youre not ever gonna be my girl
And I wont ever be your man
So I ran and ran
But you held my hand
And we repeat it every single day
Now Im changing lanes
Cos youre giving me pains
Cant you get a hint and go away
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Brake dont brake)
I I I

I dont wanna do this do this
Brake dont brake (Oh Oh)
Brake dont brake (Oh Oh)
Brake dont brake (Oh Oh)
Brake Brake Brake Brake
Dont brake
Dont brake
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Activate, gonna activate)
Activate my brake lights
(Brake dont brake)
Girl youre pushing me to activate my brake lights
Ohh activate my brake lights
You want to activate my brake lights
Activate my brake lights
Brake dont
