

# Call Box

## Stan Ridgway

I press the buttons now  
Voice keeps poppin' on the call box out  
Mop-man, do you receive?  
Ten-four, I gotta pull out  
I got an eta, five-thirty on the dot  
A little bit later, it'll thicken the plotChorus:  
They always tell me what's not is not  
I just gotta get that 1-2-3  
It's funny how these things always happen to me  
I just gotta get that 1-2-3Now, by the force of circumstance  
And by the belt that holds up my pants  
I'm held responsible  
For this idea that never had a chance  
When they call out the guard tonight  
He'll cut the alarm and switch off the lightChorus:  
I get a funny feeling that wrong is right  
I just gotta get that 1-2-3  
It's funny how these things always happen to me  
I just gotta get that 1-2-31 2 3

I just gotta get that 1-2-3

It's funny how these things always happen to me
