

NEW DORP. NEW YORK (feat Ezra Koenig)

SBTRKT

My girl's got a minimum
Keep it stuck right there 'til the lumber comes
Leave a smooth operator lookin' like a bum
My girl's got a city to run
Got the key to the kingdom where the money's from
Never seen calienda, never seen the sun
(And he thinks I'm the negative one)Flag flappin' in Manhattan
New Dorp New York
Gargoyles gargling oil
Peak of the empire, top of the rock
Flag flappin' in Manhattan
New Dorp New York
Gargoyles gargling oil
Peak of the empire, top of the rockMy girl's got a little schtick
Keep your coat up in the kitchen while you feed the kids
Keep your waitin' in the winter while the tension ticks
My girl got a limousine
Got a full time job just to keep it clean
Got a speaker in the trunk; you know where it's done
(You think I'm the negative one)Flag flappin' in Manhattan
New Dorp New York
Gargoyles gargling oil
Peak of the empire, top of the rock
Flag flappin' in Manhattan
New Dorp New York
Gargoyles gargling oil
Peak of the empire, top of the rockNew Dorp New YorkLate nights and black Israelites
White women singing under dying the lights
Baseball bats that never hit home runs
