

Where Is the Line

The Majority Says

Music & lyrics: Emil Berg, Timo Krantz

Oh these nights, late nights of talking, talking about what we are
All these nights, late nights of crying, crying in your arms

Tell me where's the end
Tell me where's the end

Where is the line between live or just pretend
Wasting our time over and over again
Where is the line between love and simple friends

Ever since the summer I've been waiting for you to say
Love like this is meant to be broken, broken is not our way

Tell me where's the end
Tell me where's the end

Where is the line between live or just pretend
Wasting our time over and over again
Where is the line between love and simple friends
There's no need to fall apart oh my dear, oh my heart

Tell me where's the end
Tell me where's the end

Where is the line between live or pretend
Wasting our time over and over again
Where is the line between live or just pretend
Wasting our time over and over again
Where is the line between love and simple friends
