

# Honey Honey

Ray Charles

When I got misery  
Oh, my, where are you?  
Honey, honey, oh, honey, honey  
Where can you be?Whisperin' when the lights are low  
To each teardrop on my pillow  
Honey, honey, honey, honey  
Where are you?I crossed the scalding dessert  
Just to be where you are  
I want you, need you, love you  
Still we're apartWhen I want to hold you  
Oh, my, where are you?  
Honey, honey, my honey, honey  
Where can you be?
