Perfectly Happy

Ataris

Won't be another statistic, won't be a minority
I'll achieve every goal I have there's not a thing I can't be
Just as long as I am happy that's all that matters to me, to me
I'll walk away from this place
On that unhappy day that I have to follow rules
This so-called book you go by was written for a fool
Maybe now you understand life from my point of view
I've got my head on straight and have no urge to be like you
Oh sure, I strive for a better life but, is that so fucking wrong
Change in my pocket, girl by my side, perfectly happy
