Lovely Lady

Shalamar

There you go, walking by there
You are the apple of my eye
And I see you coming towards me and
I get this sweating butterflies and
You should know it
You've got to feel it
I'm in love with you for really
I have got to have you tonight
If you knew how cute you looked in your tight dress
and your high heels
Understand why I get caught up staring at you everytime
You pass me by I see your eyes
I feel your hair
I see you smile
I just wish that you could
See me too
Walking at the beach together
Hand in hand
Let me paint the picture

You can see it
Now whatever
You will now will get somehow
What do you want to drive baby
What do you want to eat tonight baby
I have got to have you tonight
There she goes my pretty baby
There she goes my lovely lady
I need her to know
I need her for life (2x)
There she goes walking by there
She caught my eye
She's looking at me
I tell her I'll leave you never
She thinks I am oh so clever
Know baby I am telling the truth
I am the only one for you
I will love you until the end of time
