

Do It Like Me (rockstar)

Willow Smith

I make the rockstars and the pop stars
Wanna do it like
Wanna, Wanna, Wanna do it like me
Wanna do it like me
Wanna do it like me
Me, me, me
No when I take off my shades
Please don't be shock at my age
I'm taking over your game
Now will I scare you?
BOO!
My parents left me home alone,
They left me home alone
It's time to pick up the phone
And tell my friends COME ON!
Somebody bring me along
You betta bring me along
Can follow me in my truck
LETS BLOW THE SPEAKERS OFF!
I can feeel itt
Feel the drums takin over control
I feel it deep in my soul
I can feel itt
Feel this feel that want you all in my song
Now watch me rock it YEAH!
I make that rockstars and the popstars
Wanna do it like
Wanna wanna wanna
Wanna do it like me (like me)
If you are the rockstars like the topstars
Wanna do it like
Don't you wanna do it like me!
Now, watch out I break it down
You know I'm not new in town
Downlaod your speakers now
Will I scare you will I scare you?
BOO!
Everybody hands in the air
Now keep em up in the air

Now wave em like you don't care!
WE BOUT TO STEAR IT UP!
Haters scream on the top of you lungs
Until your tonsils get numb
The way I rock out the song
Will make you shout it out
I can feeeeel ittt
Feel the drums taking over control
Can feel it deep in my soul!
I can feeeeel ittt
Feel the drums takin over control
I feel it deep in my soul
I can feel ittt
Feel this feel that want you all in my song
Now watch me rock it
YEAH!
I make the rockstars and the popstars
Wanna do it like
Wanna wanna wanna
Do it like me! (like me)
If you a rockstar like the topstars
Wanna do it like
Don't you wanna do it like me!
Uh Oh Wa Oh
