

Go

Plumb

Hold on, You said and I held on
Lay down your sweet head and I laid it down
I say, tell me all You have seen
You gave of Your life to bring out my dreams And I need hope and faith and the goodness of grace
And I need You to let me go my way Time passed, things changed
Now I am grown, Ill hold his hand, well grow old Well need hope and faith and the goodness of grace
Well need You to let us go our way You taught me so much and You live in my eyes
I carry Your blood inside, that will never change
No, no, no, no, oh yeah Hope and Faith and the goodness of grace
Ill need You to let me go my way
