

# What Does It All Mean?

## Meat Beat Manifesto

You know moves I never fake  
You know moves I never fake  
You know moves I never fake  
You know moves I never fake You know moves I never fake  
You know moves I never fake  
You know moves I never fake  
You know moves I never fake Society is a drag, so why not drop it?  
You are sleeping Lord help me, fill me up  
They'll be singing  
Lord help me, fill me up It's the same wherever you are  
It's the same wherever you are  
It's the same wherever you are One million nine hundred  
Twenty two thousand, three hundred forty six  
One million nine hundred  
Twenty six thousand Society is a drag  
Set me free, give your body its freedom  
What is it all about?  
What does it all mean? Lord help me, fill me up  
They'll be singing  
Lord help me, fill me up Lord help me, fill me up  
They'll be singing  
Lord help me, fill me up Lord help me, fill me up  
They'll be singing  
Lord help me, fill me up
