Imperfection

Approaching Nirvana

Back home, they don't know me.
Back home, they want me to believe in things
I told them no.
(I told them no)Like you,
Imperfections (Imperfections)
I'll be who I wanna be.
(I'll be who I wanna be)
(I'll be who I wanna be)Have you got mixed feelings?
I mean, have you got these old things?Follow me with your eyes.
I believe how much you fantasize
About this, 'bout this.
Don't you see I'm perfect?(Instrumental build up)Don't you see I'm perfect?Don't you see I'm perfect?
